Recent Pew Data

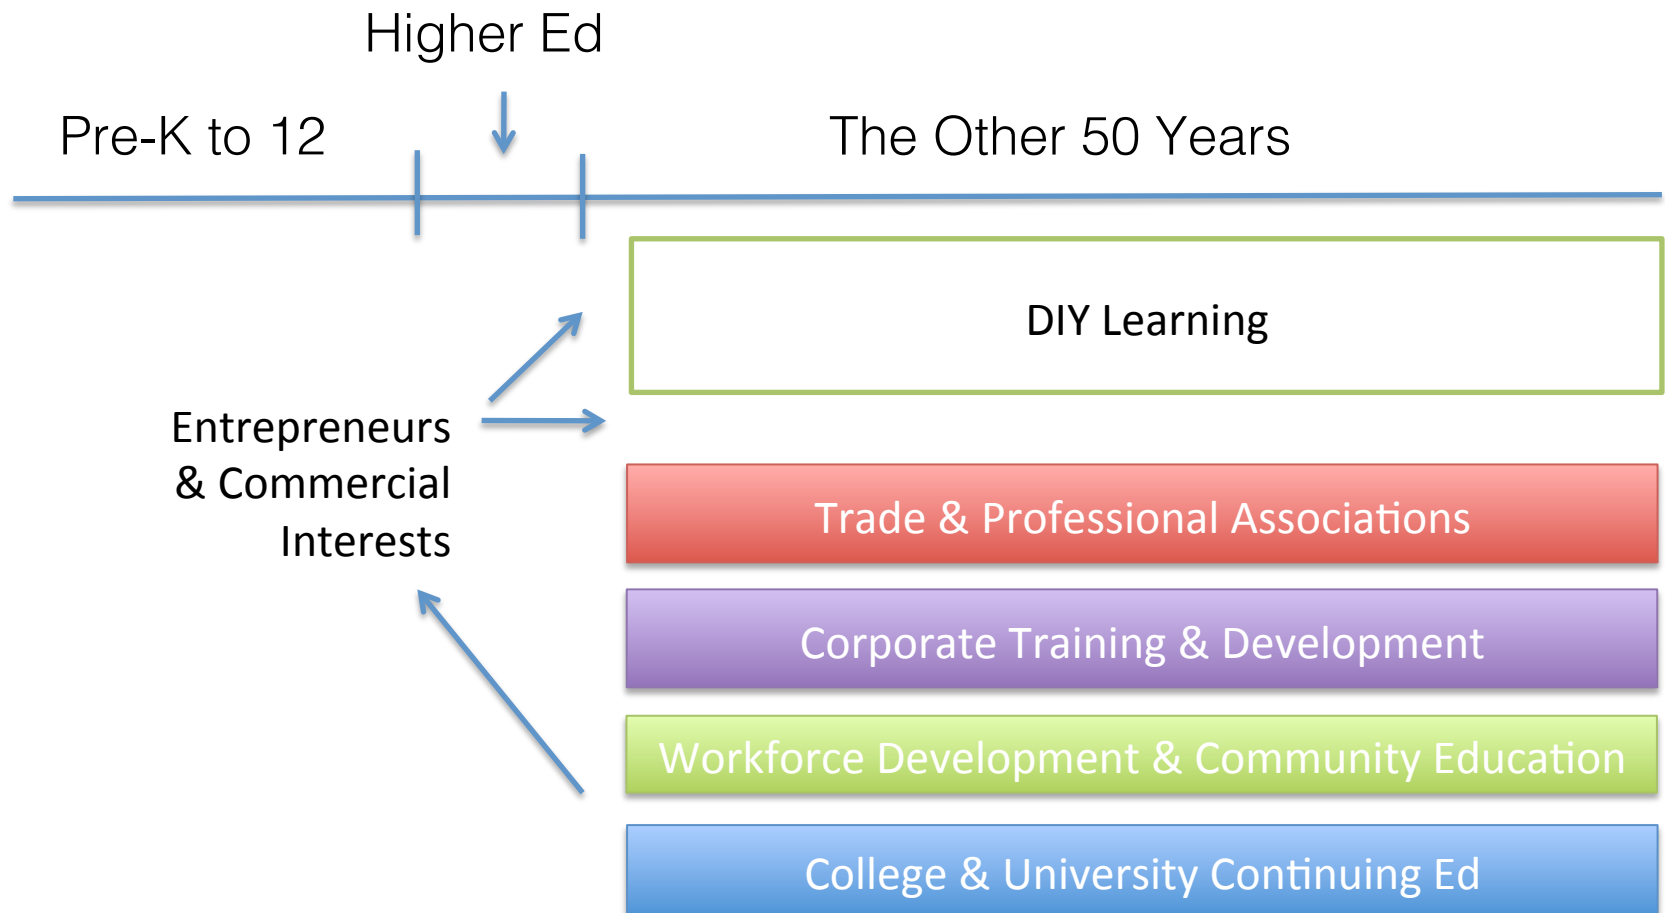

- **Distance learning** – 61% of adults have little or no awareness of this concept.
- The **Khan Academy**, which provides video lessons for students on key concepts in things such as math, science, the humanities and languages – 79% of adults do not have much awareness of it
- **Massive open online courses (MOOCs)** that are now being offered by universities and companies – 80% of adults do not have much awareness of these.
- **Digital badges** that can certify if someone has mastered an idea or a skill – 83% of adults do not have much awareness of these.

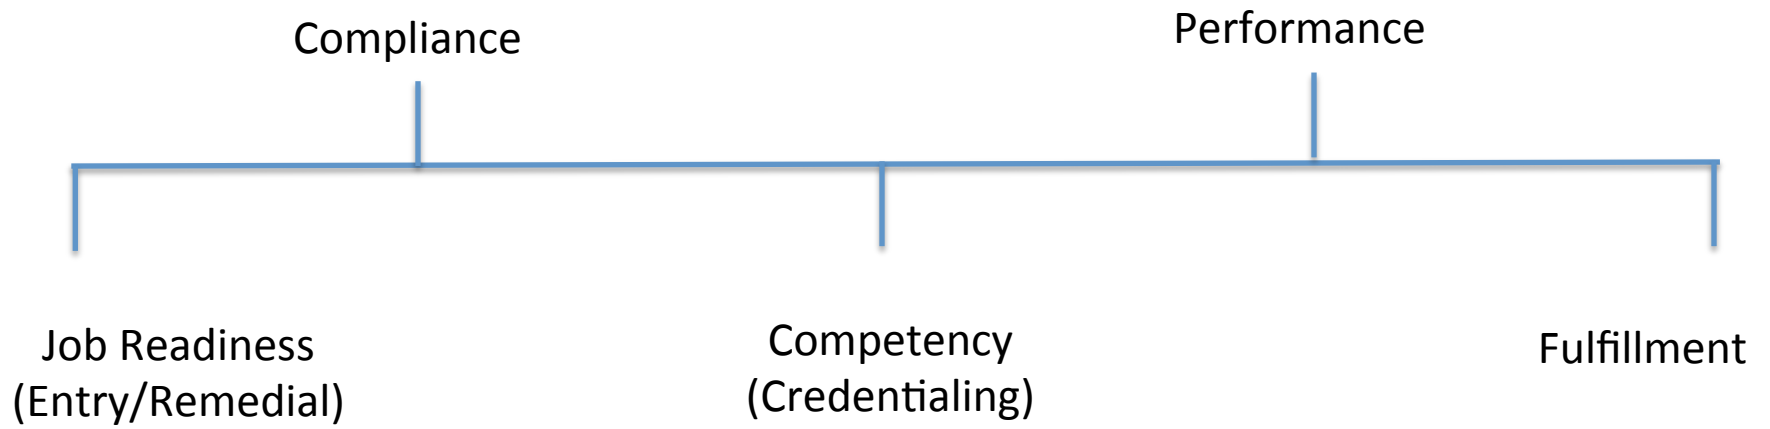

We used to think that revolutions are the cause of change. Actually it is the other way around: change prepares the ground for revolution.

~ Eric Hoffer

The Other 50 Years

You only have to know one thing:
#You Can Learn Anything

Most people are held back not by their innate ability, but by their mindset. They think intelligence is fixed, but it isn't. Your brain is like a muscle. The more you use it and struggle, the more it grows.

WORLD THROMBOSIS DAY
13 OCTOBER

[HOME](#)[ABOUT](#)[THE ISSUE](#)[TAKE ACTION](#)[CAMPAIGN MATERIALS](#)[THE LATEST](#)[SHOP](#)[EN](#) ▾

1 IN 4 DEATHS WORLDWIDE IS RELATED TO THROMBOSIS

Thrombosis is a leading cause of death throughout the world. Learn the symptoms, know the facts, and help educate others about this growing health problem.

Welcome to the
**International Society on
Thrombosis and Haemostasis**

ENGAGE WITH EDUCATION AND OUTREACH

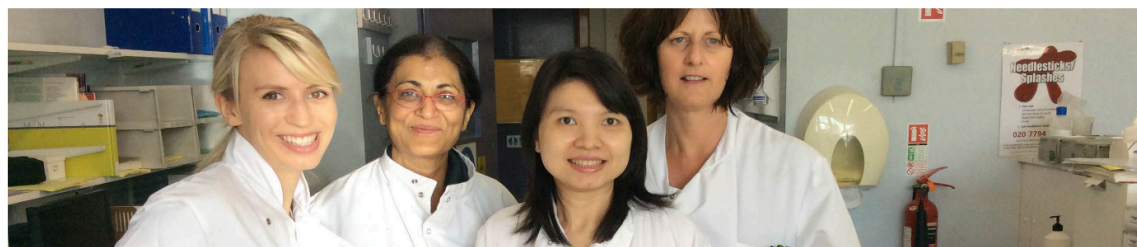

The ISTH offers a variety of educational programs for those who have a scientific interest in thrombosis, hemostasis and vascular medicine.

EXPLORE ISTH MEETINGS

Since its inception, ISTH meetings have been a staple of the Society. Click below to learn more about the various types of ISTH meetings.

PARTICIPATE IN THE SSC

The Scientific and Standardization Committee (SSC) sets the global standards in thrombosis and hemostasis. Click below to learn more.

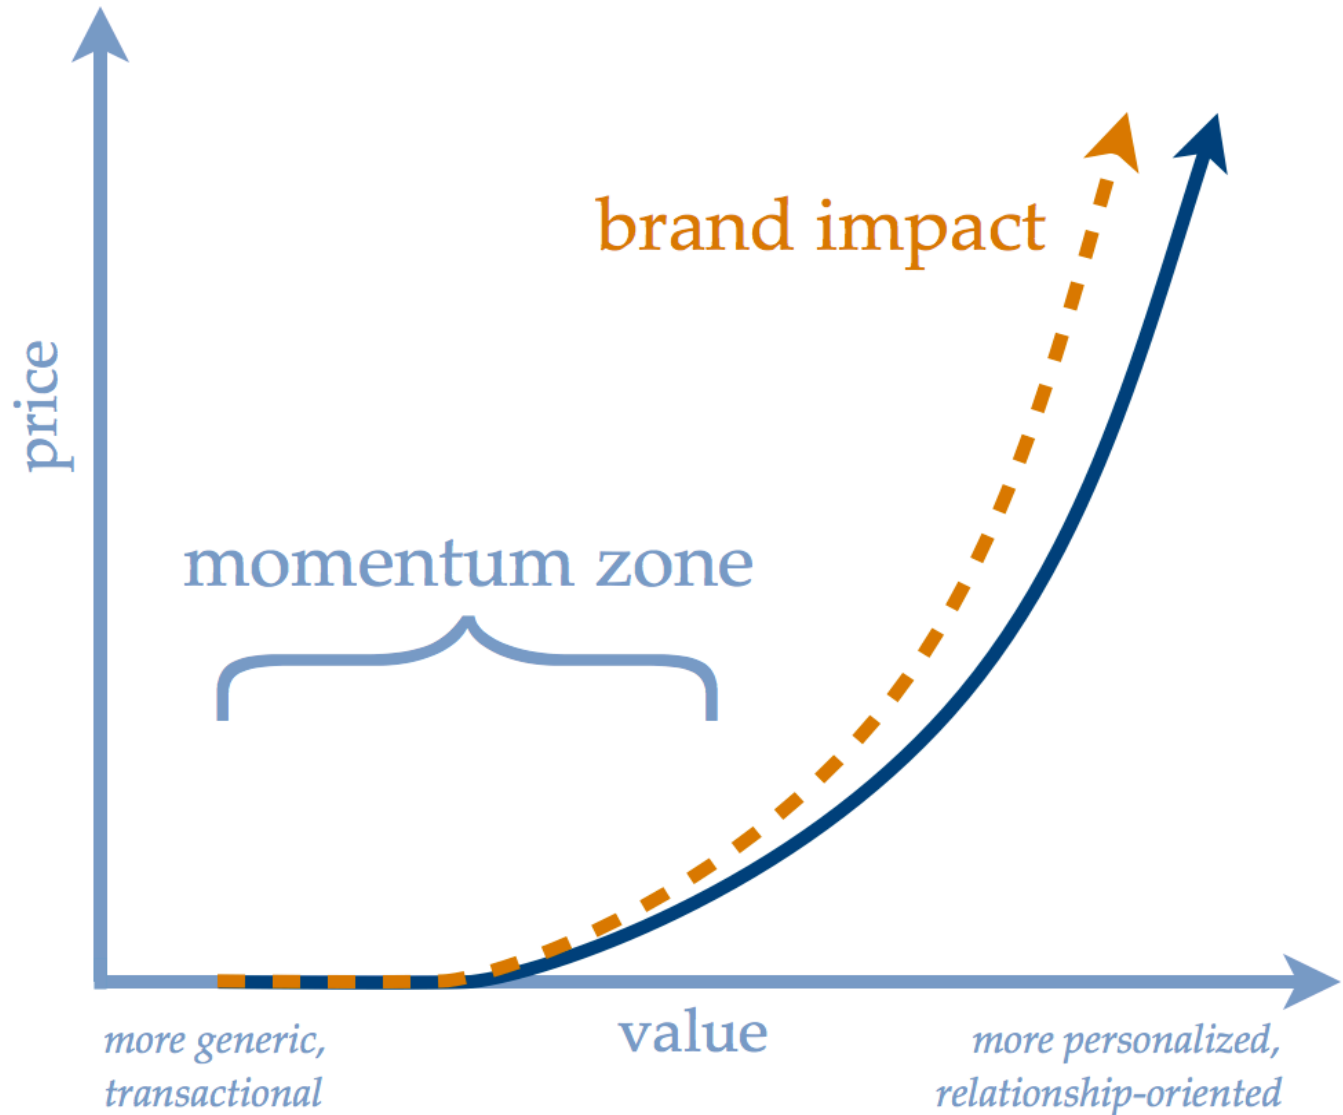

JOIN THE REACH-THE-WORLD PROGRAM

The ISTH offers scientists, physicians and allied health professionals with an interest in thrombosis and hemostasis access to the latest information and education, regardless of where they live.

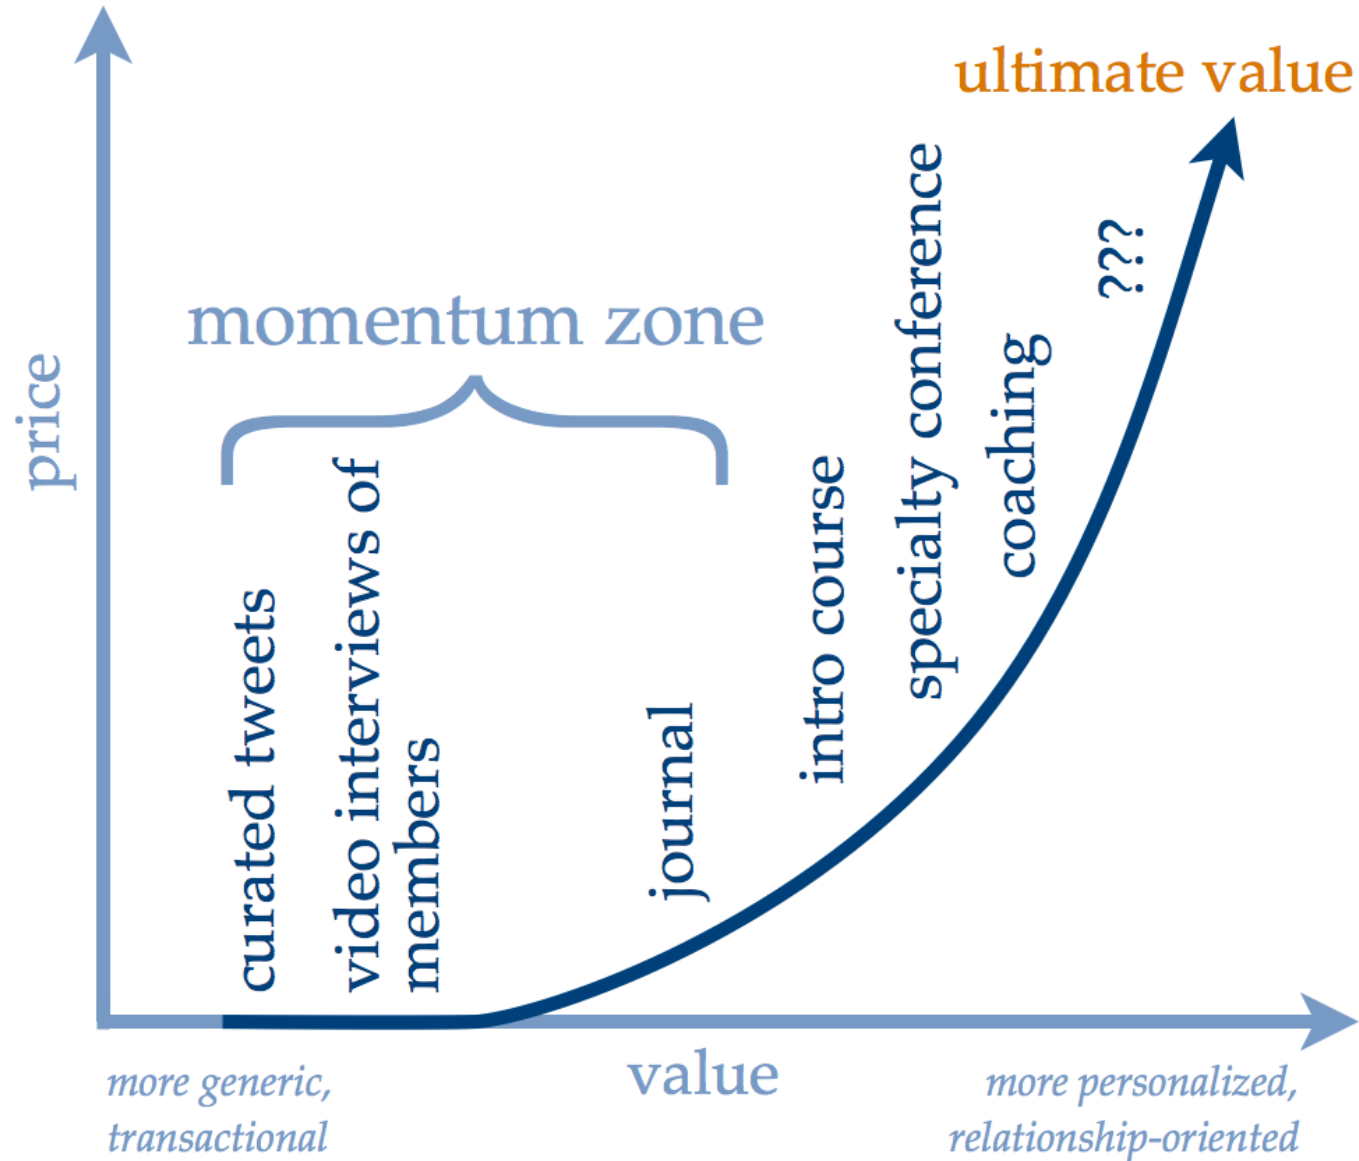

The Reach-the-World program provides healthcare professionals from [developing countries \(countries classified by the World Bank as low-income, lower-middle-income, or upper-middle-income\)](#) access to thrombosis and hemostasis related knowledge and education.

Acute and Critical Care Webinar Series

Stay current on the latest evidence-based learning and clinical practices in acute and critical care with the AACN Critical Care Webinar Series. These short monthly webinars offer knowledge and tools to positively impact patient outcomes, are ideal for viewing by groups and individual participants, and provide 0.5 contact hour of continuing nursing education credit (CE).

AACN webinars are available **free of charge** thanks to the support of our members. [Learn more about AACN membership.](#)

96% of AACN's Webinar Series viewers would recommend the program to their colleagues.

Educational Benefits

Each 30-minute webinar:

- Provides direct access to leaders and experts in the field
- Offers practical education in a time-saving format
- Includes implementation tools to help put new practices into practice
- Helps cut through information overload by focusing on the most important information

- 2000 participants on average
- 88% discuss with colleagues
- 77% share new practices with unit leadership
- 50% implement new practice within one month of Webinar

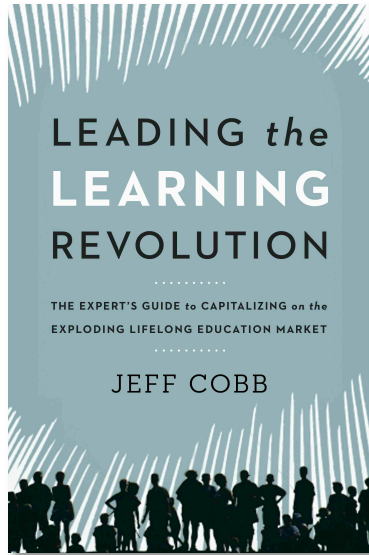

[Insert Inspirational Quote:-]

...if it is a question of bringing to light a truth or developing a sentiment with the support of a great example, they associate. Everywhere that, at the head of a new undertaking, you see the government in France and a great lord in England, count on it that you will perceive an association in the United States.

~ Alexis de Tocqueville
